

FY 2002 Performance Contract

Mission:

Cite IC mission statement

Through this Performance Contract, I hereby commit to clear and measurable goals to be achieved during FY 2002 and beyond:

“One HHS” End-Outcome Goals Contribute To:

The intended NIH results

Select from the following Department-wide Program Objectives.:

1. Emphasize preventive health measures (Preventing Disease and Illness)
 - Reduce behavior and other factors that contribute to the development of chronic diseases (diabetes, obesity, asthma, heart disease, stroke and cancer) contained in “Steps to a Healthier U.S.
 - Reduce the incidence of sexually transmitted diseases and unintended pregnancies
 - Increase childhood and adult immunization rates
 - Reduce tobacco use, especially among youth
2. Prepare for and effectively respond to bio-terrorism and other public health emergencies (Protecting our Homeland)
 - Reduce the incidence of sexually transmitted diseases and unintended pregnancies
 - Build the capacity of the health care system to respond to public health threats in a more timely and effective manner, especially bio-terrorism threats
 - Improve the safety of food, drugs, biological products, and medical devices
3. Improve health outcomes (Preventing Disease and Illness)
 - Reduce the incidence and consequences of injuries and violence
 - Reduce substance abuse
 - Improve consumer and patient protections
 - Increase consumer and patient use of health care quality information
 - Accelerate the development and use of an electronic health information infrastructure
4. Improve the quality of health care (21st Century Health Care)
 - Reduce medical errors
 - Accelerate private sector development of new drugs, biologic therapies, and medical technology
 - Improve the coordination, communication, and application of health research results.
5. Advance science and medical research (Improving Health Science)
 - Strengthen and diversify the pool of qualified health and behavioral science researchers
 - Advance the understanding of basic biomedical and behavioral science and how to prevent, diagnose, and treat disease and disability
 - Strengthen the mechanisms for ensuring the protection of human subjects and the integrity of the research process.

Intermediate Outcomes I Pledge to Achieve During 2002:

The identification of what must happen in order to achieve outcomes; seen as changes in attitudes, behaviors, and conditions

Program Outputs Needed for 2002 to Achieve Expected Results

The very specific, measurable activities that influence and permit achievement of intermediate and end outcomes; seen as tabulations, calculations, and efforts recorded

Management Improvement Initiatives

The inherent management responsibilities; see "One HHS" Department-Wide Management Objectives

In addition to the specific program results articulated in this plan, I pledge to "Manage for Results" by implementing the following management improvement initiatives in 2002:

I hereby commit to achieve these goals and hold myself and my employees accountable for developing and implementing the necessary initiatives to produce these results.

Signed: _____
